# Configuring Base CRM

Configuring Base CRM for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on Base CRM by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Base CRM for SSO by using SAML:

1. In a browser, type https://getbase.com and press **Enter**.

2. On the home page, click **Sign In**.

3. Type your Base CRM admin credentials (**Email** and **Password**) and click **Log in**.

Citrix Gateway

4. To create SSO, click the user profile that is present at the top-right corner of the screen, and select **Settings.**

5. Under **Settings > Profile > Preferences**, click **Single Sign On.**

6. In **Manual Setup**, enter the values for the following fields and click **Save**.

Field	Description
Identity Provider Issuer ID	Entity ID
Identity Provider SSO URL	Base redirect users to Identity Provider
Identity Provider Certificate Fingerprint	Copy and paste the IdP certificate fingerprint from the https://www.samltool.com/fingerprint.php link, select **sha1** in **Algorithm** and click **CALCULATE FINGERPRINT.**

7. Finally, click **Enable**
    Note: Single Sign-on is enabled for Base users and allows them to log on using SSO service.
