

# Configure CloudMonix for Single Sign-On

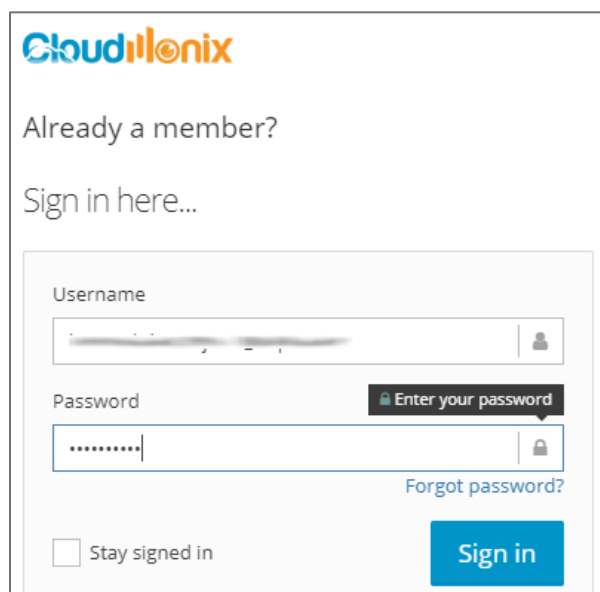

Configuring CloudMonix for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to CloudMonix by using the enterprise credentials.

## Prerequisite

Browser Requirements: Internet Explorer 11 and above

## To configure CloudMonix for SSO by using SAML:

1. In a browser, type <https://portal.cloudmonix.com/Account/Login> and press **Enter**.
2. Type your CloudMonix admin account credentials (**Username** and **Password**) and click **Sign in**.

3. To enable and configure SSO, the user must contact CloudMonix support team and provide them with the IdP metadata.

Required Information	Description
Certificate	The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app. <a href="https://gateway.cloud.com/idp/saml/&lt;citrixcloudcust_id&gt;/&lt;app_id&gt;/idp_metadata.xml">https://gateway.cloud.com/idp/saml/&lt;citrixcloudcust_id&gt;/&lt;app_id&gt;/idp_metadata.xml</a>

**Note:** The support team will configure the SP from the backend.

4. In the dashboard page, click **Subscription Settings** > **SSO Settings** and verify the SSO information.
