Configure Dell Boomi for Single Sign-On

Configuring Dell Boomi for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Dell Boomi by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Dell Boomi for SSO by using SAML:

1. In a browser, type https://platform.boomi.com/ and press **Enter**.

2. Type your Dell Boomi admin account credentials (**Email Address** and **Password**) and click **Log In**.
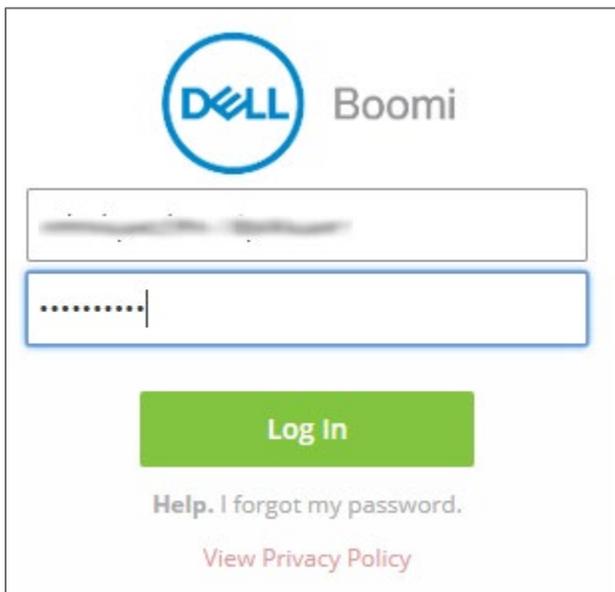

3. In the dashboard page, click the username and select **Setup**.
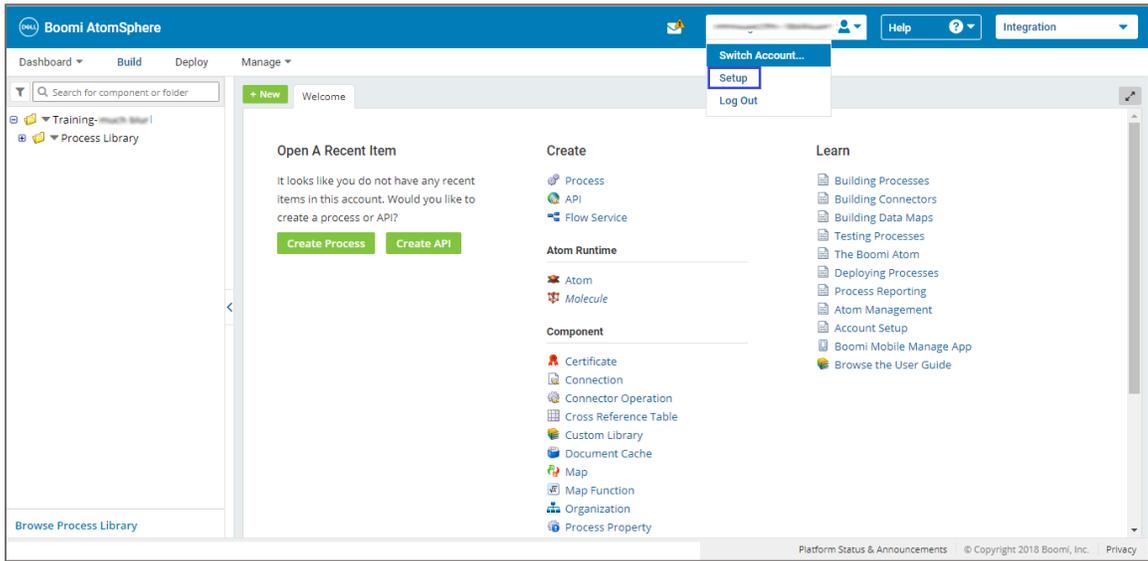

4. In the left panel, click **SSO Options** under **Security options**.
