

Configure Meisterplan for Single Sign-On

Configuring Meisterplan for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Meisterplan by using the enterprise credentials.

Prerequisite

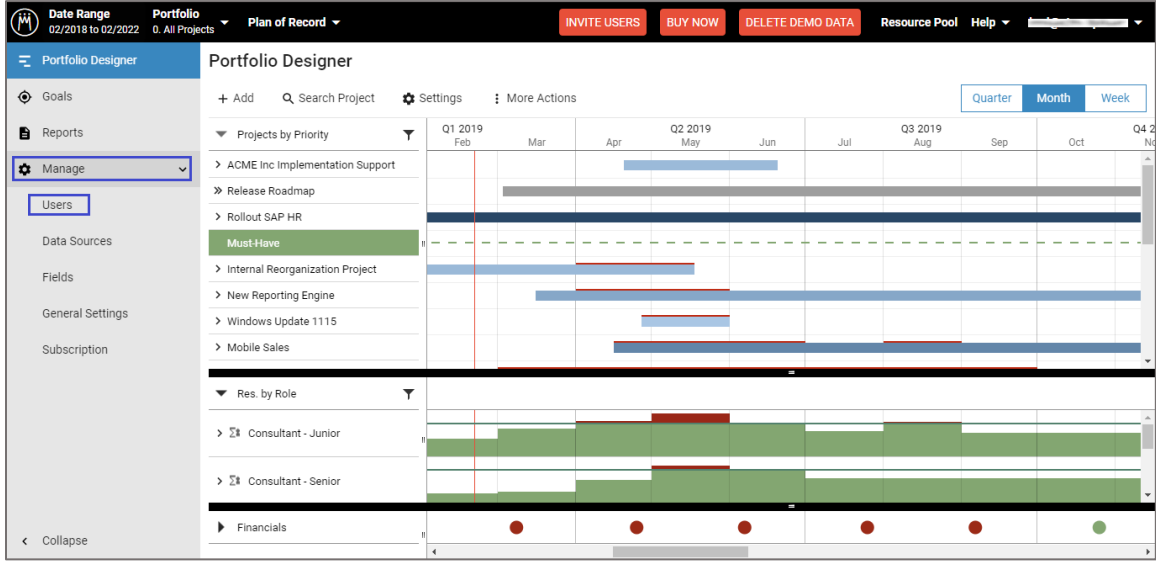

Browser Requirements: Internet Explorer 11 and above

To configure Meisterplan for SSO by using SAML:

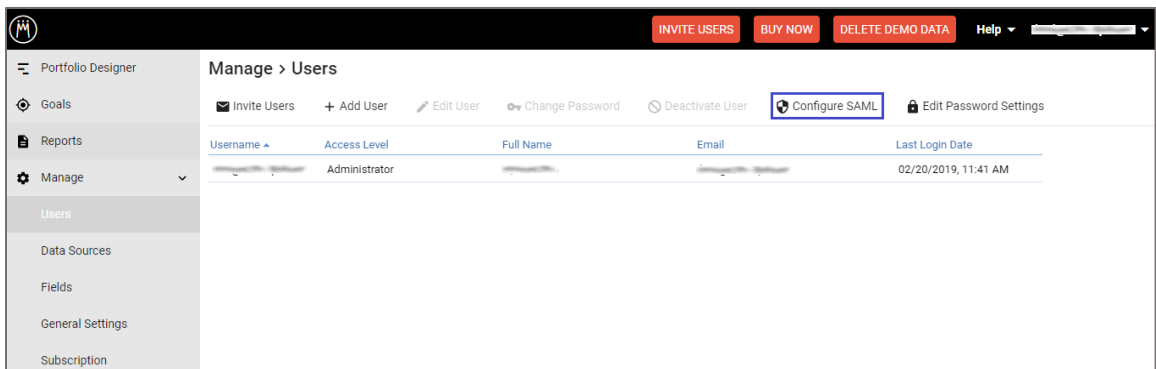

1. In a browser, type <https://login.eu.meisterplan.com/login> and press **Enter**.
2. Type your Meisterplan admin account credentials (**Username** and **Password**) and click **LOG IN**.

- In the dashboard page, click **Manage > Users** from the left pane.

- In the **Manage > Users** page, click **Configure SAML**.

- In the **Configure SAML** page, turn on the **SAML enabled** toggle button.
- Enter the values for the following fields under **Identity Provider Settings**:

Required Information	Description
Identity Provider Entity ID	Entity ID
SSO URL	IdP logon URL
SLO URL	IdP logout URL
Identity Provider X.509 Certificate	Copy and paste the IdP certificate. The IdP certificate must begin and end with -----Begin Certificate----- and -----End Certificate----- Note: The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app.

https://gateway.cloud.com/idp/saml/<citrixcloudcust_id>/<app_id>/idp_metadata.xml

Configure SAML

SAML enabled

If your Identity Provider is not available, you can still log into Meisterplan as an administrator by going to the following link:

<https://login.eu.meisterplan.com/login>

We recommend bookmarking this link.
